Dear Applicant,

Enclosed are the application form and job details, which you requested. Please complete the application form as fully as possible and return it to The Matthew Project by **4pm on Friday 23rd July 2010**.

Before you complete the application form you should read the following information:

1. Your application form is very important because it is the only basis on which we decide whether or not to interview you. **We do not accept CVs.**
2. The spaces provided in the form should be adequate for you to present a concise application. If, however, you feel it is essential to continue on a separate sheet, attach it firmly to the main part of the form indicating clearly the part of the form or question that it relates to.
3. Please use black ink or black typescript so that it can be photocopied.
4. The Matthew Project is an equal opportunities employer. Our main aim is to ensure that no applicant or employee is unfairly treated. To help us monitor the effectiveness of our policy commitment, and how well we are meeting our legal responsibilities, all applicants are asked to complete the attached equal opportunities monitoring form. This form is not shown to selectors; the Business Manager retains it and the data used for monitoring purposes only.
5. Providing incorrect information or deliberately omitting any relevant facts on the application form could result in either disqualification from the selection process or, where the discovery is made after an appointment, in dismissal. We may wish to check any of the details you have given.
6. **It is very important that you check that you have used the correct postage taking account of the regulations on size and thickness of envelopes. Insufficient postage may cause your application to miss the closing date; this has happened in a number of cases. We cannot consider applications received after the closing date.**

Unfortunately, due to the rising cost of recruitment and our efforts to direct our funds towards service provision wherever possible, we have decided that it is no longer practical to write to unsuccessful applicants. If, therefore, you have not received a reply within 4 weeks of the published closing date you should assume that you have been unsuccessful in your application. We hope that you will recognise that this is a practical necessity rather than a discourtesy on our part. We would like to take this opportunity to thank you for your interest in this post.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'CS' or similar initials.

The Matthew Project

The Matthew Project is a charity working with adults, young people and communities with drug and alcohol related issues and providing innovative drug education to young people helping them to understand the risks of drugs and alcohol. We want young people to know the facts to empower them to make more informed choices. The name 'Matthew' means 'the gift of God' and came from the Christian founders of the Project who wished to show care and compassion to young people.

Through the Matthew Project's many services, clients receive advice, information, counselling, support, care and education. We are committed to working in confidence, unconditionally and without discrimination of any sort.

The Matthew Project has workers based throughout Norfolk in Thetford, Kings Lynn, North Norfolk, Great Yarmouth and Norwich and we work in rural and urban areas. Our most recent developments are in Suffolk. Our work takes place in a variety of settings including schools, youth venues, police stations, courts and at our own premises.

We work with the user but also worried parents, carers and young people whose parents use drugs of alcohol.

There are eight teams within The Matthew Project:

Youth Team	providing dynamic drug and alcohol education in outreach settings using the Voicebox Caravan
Under18 Team	supporting vulnerable young people with drug and alcohol issues and young people affected by their parents' or carers' use of drugs and/or alcohol
Suffolk Young People's Service (from Oct 2010)	supporting vulnerable young people (under 19) with drug and alcohol issues
Norwich Substance Misuse Team	support, practical advice and counselling to users, carers and parents
Criminal Justice Team	working in police stations, courts breaking the cycle between drug use and crime
Adult Substance Misuse Team - Thetford	Providing support, advice and information to adults with issues around drugs and alcohol
North Norfolk Team	providing a multi agency base for adult support and advice
Administration	looks after the finance, human resources and administration of the project

The Matthew Project provides:

- Free 'no-strings-attached' help for people with a drug or alcohol problems.
- Honest, accurate and appropriate information about drugs and drug misuse
- Support for parents and families of drug or alcohol users.

- A 24/7 telephone helpline for everyone within Norfolk who need support or have questions on drugs and alcohol.
- Dynamic education so young people understand the risks of drugs and alcohol

Vision and Mission:

The Matthew Project works with young people, adults and communities affected by drug and alcohol to enable them to reduce the harm caused by these substances.

Our purpose as a charity is to enable people to make more informed choices concerning their physical, emotional, mental and spiritual well-being, in a way which reflects our belief in unconditional acceptance in order to:

- Actively empower individuals
- Encourage their sense of self worth
- Help them realise their full potential
- Appropriate and feasible feedback and sustained contact with other professionals

The Matthew Project is a value driven organisation, believing in no compromise on hope for the change in people's lives no matter what their situation. We pride ourselves on our ethos and values of compassion, care, creativity and integrity in all areas of work. Our inspiration and values originate from our Christian origins but we welcome all who share these values and want to make a difference to people who need help.

The Matthew Project is increasingly known for its quality, reliability and innovation. The environment in which we work is becoming increasingly competitive and we wish to be 'leaders' in what we do

Who we work with:

Our clients are from all walks of life and include, mothers, teenagers, people who are homeless, children whose parents have a dependency and professionals. Our clients are from all social backgrounds.

We work with the person with a drug or alcohol dependency but also worried parents, relatives and friends. We receive helpline calls from the people of all ages from young teenagers to the elderly.

Suffolk Young People's Specialist Substance Misuse Treatment Service

The Matthew Project will provide a high quality professional integrated substance misuse service for young people across rural and urban areas of Suffolk. This specialist service will be provided within the context of Suffolk Integrated Youth Support and support the principles that:

All young people are entitled to enjoy their youth, achieve their potential, be healthy, be safe from harm, be able to contribute to their community and be ready for success in their future life.

The clinical aspects of the service will be managed by the Norfolk and Waveney Mental Health Care Foundation Trust Alcohol and Drug Service (TADS). Building on many years of experience, knowledge and expertise of both launching and providing county wide young people's work, The Matthew Project will provide a systematic approach of evidence based targeted and specialist interventions within one service. It will invest in the continued development of a skilled workforce who will provide an accessible and cohesive young person and family focused approaches to substance misuse service.

The service will use DUST, specialist substance misuse assessments and the Common Assessment Framework (CAF) as key tools for meeting a young person's needs in Suffolk. A comprehensive system of performance management will be used in order to enable young people to have their best chance of achieving the five "Every Child Matters" outcomes. Interventions for young people attending the Youth Offending Service (YOS) and crime reduction will be a key aspect of the service and three workers will be based in YOS venues in Ipswich, Bury and Lowestoft.

Young people and families will be able to access advice and support 24 hours a day through a single point of contact and will receive substance misuse structured support through outreach from geographically based workers at young people friendly venues in Ipswich, Lowestoft and Bury. This will be based on a care planned and partnership approach including medical, psychosocial or specialist harm reduction interventions aimed at alleviating current harm caused by a young person's substance misuse.

We will work within the challenges of an uncertain funding climate to ensure a flexible and sustained service and will also bring extra value to the Suffolk Young People's Specialist Substance Misuse Service.

Motivated, skilled and workers that genuinely want to make a difference are key to the success of the service. Employees report a very high satisfaction rate with The Matthew Project. As an agency we seek to employ the best workers possible and in return for hard work and commitment, The Matthew Project invests heavily in its workforce both in training and in support.
